The difference MOLDED Makes

Integrity Fusion continues to be the market leader in electrofusion fittings, by offering innovative solutions to all of your fusible needs. Our IntegriFuse brand EF Threaded Saddles are molded in sizes up through 48" IPS and fully pressure rated to SDR 11. Many of our EF Saddles are offered with Flexible Bases to fit several sizes of pipe mains, allowing for fewer stock items to fit a large range of projects. In addition, the flexible base allows for better fit on the pipe, helping to eliminate any gaps between the fitting and the pipe. The threaded outlet is offered in female CC or NPT No- Lead Brass or 316 Stainless Steel. Our threaded outlets are over molded, and fused onto the outlet of the saddle to ensure a permanent threaded outlet. All IntegriFuse EF Saddles come standard with the appropriate strap(s) for installation, eliminating the need for additional clamps or tooling.

Threaded Electrofusion Branch Saddle - Water - 200 PSI (ASTM) / 232 PSI (ISO) | @ 73° F Sustainable Maximum Operating Pressure | Designed for use on IPS SDR 11 to SDR 17 HDPE Pipe

Outlet (DE1)	Base (DE)	Height (H)	Number of Straps Incl.	Item Code	Notes
2" Brass Female NPT	3" IPS	4.05"	1	200801	
2" 316SS Female NPT	3" IPS	4.05"	1	200802	
1" Brass Female NPT	3" IPS	3.55"	1	200803	
1" 316SS Female NPT	3" IPS	3.55"	1	200804	
1" Brass Female CC	3" IPS	3.55"	1	200805	
2" Brass Female NPT	4" IPS	4.05"	1	200806	
2" 316SS Female NPT	4" IPS	4.05"	1	200807	
1" Brass Female NPT	4" IPS	3.55"	1	200808	
1" 316SS Female NPT	4" IPS	3.55"	1	200809	
1" Brass Female CC	4" IPS	3.55"	1	200810	
2" Brass Female NPT	4" DIPS	4.05"	1	200811	
2" 316SS Female NPT	4" DIPS	4.05"	1	200812	
1" Brass Female NPT	4" DIPS	3.55"	1	200813
