

Injection Molded MJ Adapters & MJ Accessory Kits

Integrity Fusion Products offers a full line of injection molded **IPS** and **DIPS** HDPE MJ Adapters with or without an internal stiffener, and **NSF 61/ANSI/AWWA C-153** compliant **Ductile Iron MJ Accessory Kits** for 2" – 12" systems, and **NSF 61/ANSI/AWWA C-110** compliant **Ductile Iron MJ Accessory Kits** for 14" – 24" systems. Integrity Fusion Products injection molded MJ Adapters are manufactured in a variety of nominal pipe sizes and SDR's, in our manufacturing facility located in Peachtree City, GA. **Integrity Fusion Products** injection molded MJ Adapters are manufactured and tested to meet the requirements of ASTM D2513, ASTM D3261, and ANSI/AWWA C901 and C906 for use with outside diameter-controlled pipe and fittings conforming to ASTM D2513, ASTM D3035, and ASTM F-714. Integrity Fusion Product **Molded MJ Adapters** can be heat fused or electrofused to any manufacturers' PE pipe, molded fittings, or fabricated fittings manufactured from material made from PE3408 / PE4710 / PE100 resin that complies to ASTM D3350.

NOTE: Gland Kits are imported and do not meet BABAA requirements
